Approximate Design Size 14.3 ins x 9.5 ins (36cms x 24cms)

This design can be stitched on 14 count aida or 27/28 count evenweave over 2 x 2 threads and is stitched in Blackwork (worked in backstitch or stab-stitch) and cross-stitch.

The 4 small arrows, one appearing at the edge of each of 4 pages of the chart, are to enable you to centre the design on your fabric. Please note that to make moving from 1 page of the chart to another easier there is a 2 line shaded overlap on pages 2-4, where the adjoining 2 lines from the previous page are duplicated.

General

In the Blackwork part of the design the thicker lines usually outlines are stitched in 2 strands of the appropriate colour, the thinner lines e.g. the infill patterns are stitched in 1 strand. Where darker lines appear over the infill pattern e.g. on the ladies' sleeves these should be put in after the underlying infill pattern is completed.

Cross-stitches are in 2 strands of the thread shown in the key. Where a half-stitch is used a diagonal line is shown across the square with the appropriate symbol behind it.
